REACTION TO MEDICATION

- Has any medicine ever caused diarrhoea, respiratory problems or a rash? What? When? What for?

If **Yes** (consider major reactions, such as anaphylaxis) -
If **No**, also use Record Allergy or Sensitivity to record 'No known Allergies'
Only record any new allergies or sensitivities not listed in the quick view

Current medication list included in discharge summary

Are at least 7 days of the patient's medicines or prescription including controlled drugs supplied? **Supplied medicines MUST be the patient-named medication and not un-labelled stock packs or unpackaged doses.**

Please record which medication was supplied or if prescription was issued.
(You do not need to include supplies of methadone and buprenorphine for transferred patients to other residential sites as these are usually held as stock in all prisons and IRCs but all other CDs will need to be supplied).
